

Schedule

[Unit Change] switches the three units of Operation line.

Items	Details
Sheet Volume	Number of sheets (1,500 to 70,000 sheets) 
Timetable	Actual Time (30 minutes later to 24 hours later) 
Time Frame (min.)	Length of Time (30 minutes to 24 hours) 

Operation Unit

The screenshot shows a software interface with a table of operation units. At the top, there are buttons for 'Hold Job', 'Reserved Job', and 'Set'. Below these is a 'Sheet Volume' slider ranging from 0 to 500. The table has three rows, each representing an operation unit. The first row is highlighted with a blue background. A red circle is drawn around the 'Sheet Volume' slider and the first row of the table.

	Sheet Volume	0	500
1	8.5x11" 17-19 lb		
	Fine		
2	A4 17-19 lb		
	Fine		
3	11x17" 20-21 lb		
	Plain
